Overview

The scope of this document is to provide the release notes of Geofencing Extension API, with respect to a particular release version. It also includes the issues reported, open and solved within this release.

Known Issues

The following list contains issues known to be present in the current release of the Geofencing Extension API.

- No known issues.

Resolved Issues

There are no resolved issues in this release.

Added and changed Functionality

- New administrative resource `/layers/list` and `/layers/delete`.
- Renamed resources `/layer_put` to `/layers/upload` and `/check` to `/search/proximity`. The old resources still exist, but will be removed in a future release.
